Cannot edit Distribution List in Kontact

Submitted by [Alex Hamilton](#) on Fri,
09/15/2006 - 05:23. [New User](#)
Posts: 165

I am running Mepis 3.4.3 and I often have to send an email to up to 15 people. I have saved the Distribution List, but I cannot find how to add to it or amend existing addresses. I cannot even delete the List and try again.

Can anyone help, please.

Thanks,

Alex Hamilton

AMD Athlon XP +2100/BioStar
M7VIZ SATA mainboar/512MB DDR
RAM/
WD 10G HDD0 Win 2K Pro NLite
WD 40G HDD1 Simply Mepis 6.0
partitioned-format FAT32
ATI Radeon 7000 AGP graphics
card
Creative Sound Blaster Live! 24-Bit
audio card

I hope that this will help, as I'm new
at KDE applications as well.

Bring up

Kontakt/(and in left toolbar, click
on) Contacts/

Highlight a name and edit it by right
clicking on mouse and choose Edit
Contact

or

go to File dropdown menu, and
click on Edit Contact

If Contacts isn't in your Kontakt
toolbar menu, then add it by going
to Settings/Configure Toolbar

I'm using Kontakt version 1.2.3 in
Simply Mepis v. 6.0

I'm sure others here may be of better
help. One Newb helping another.

A suggestion by another:
Settings->Show Extension
Bar->Distribution List Editor

Cheerio,

Lisa

Thank you Lisa. Bringing up
Distribution List Editor worked.

Regards,

Alex
